Always selecting the newest and best things that we might feel sure they would give satisfaction. We do not expect to depart from this during 1904. And as the greater part of our goods for by the coming season are already bought, we exercised the same caution in selecting them and assure you that you can find better values for the same money here than elsewhere,

and we need the room and must have it, and in order to make room we have decided that during the month of February we will sell anything in winter weight goods in our house

### AT COST

When we say cost we mean wholesale price

Our goods are entirely new, the very latest things that could be bought in winter stuffs, and are bought at prices possibly lower than we can replace them for next fall. But we do not believe in allowing goods to accumulate from season to season, becoming old shelfworn and out of date, but prefer to sell them at a sacrifice now that we may again offer you the newest things post fall. next fall

# Consumption

Salt pork is a famous old-fashioned remedy for con-sumption. "Eat plenty of pork," was the advice to the consumptive 50 and 100

Salt pork is good if a man can stomach it. The idea behind it is that fat is the food the consumptive needs

Scott's Emulsion is the mod-Soot's Emulsionisthemod-ern method of feeding fat to the consumptive. Pork is too rough for sensitive stomeshes. Scot's Emulsion is the most refined of fats, especially prepared for easy digestion. Feeding him fat in this way, which is often the only way, is half the battle, but Scott's Emulsion does more than that. There is something about the combination

than that. There is some-thing about the combination of cod liver oil and hypophos-phites in Scott's Emulsion that puts new life into the weak parts and has a special action on the diseased lungs.
